Death of a poor red checker.

JavaFX Question: Nothing really, that you can make ellipses perhaps. I might not have known about the highlighting thing too.

Structure Question: Unsure because I have nothing to compare it to at this point. I did find it annoying to look all the way down through the moves of everything, which I'm sure was the point.

Change Question: Stop being lazy and add cool sound effects Erb. I know you're reading this. Don't look behind you, he doesn't like being watched.
